# £3 a roll

on npower DIY loft insulation with **FREE** delivery

We've got together with **Build Center** and **Rockwool** to bring you a hassle-free way to buy **DIY loft insulation**:

- **FREE DELIVERY** - Avoid numerous trips ferrying your insulation home from the DIY store
- **GREAT PRICES** - Only £3 a roll offer on insulation rolls
- **QUALITY MATERIALS** - Rockwool insulation delivers effective thermal, fire and sound insulation
- **SAFETY KIT** - Safety goggles, safety mask, gloves and installation guide included
- **ONLINE ROLL CALCULATOR** - To help you calculate how many rolls of insulation you need in your loft and how little it could cost you.

If you currently have no insulation you could save around £145 a year on your heating bills! Even if you already have some insulation, topping it up to 270mm will still save you money!

**FOR DIY USE ONLY.** This product is subsidised under the Carbon Emissions Reduction Target and is intended for insulating existing homes. It is not intended for use in new buildings or extensions. Further subsidies cannot be claimed by professional installers on this product. Purchases are limited to 100m<sup>2</sup> coverage per household to a depth of 270mm.

**£3 a roll offer applies to DIY loft insulation only.** To be eligible you must own your own home or rent from a private landlord. The £3 a roll offer is subject to availability and may be withdrawn without notice at any time. Where unused rolls are returned for a refund the refund price per roll will be the offer price of £3.00 per roll. Build Center will charge £15 in the event of you requesting collection of unused insulation.

**Free Delivery offer is only available for delivery to households in Mainland Great Britain.** Build Center will aim to deliver within 15 working days.

**Average cost to insulate** - based on average price to insulate a semi-detached home with three bedrooms and a 44m<sup>2</sup> loft area with no insulation to the recommended depth of 270mm - 22 rolls in total would be required.

**£145 saving on your heating bill.** - Source: [www.energy-saving-trust.org.uk](http://www.energy-saving-trust.org.uk) Jan 2010 (estimated figures based on insulating a gas-heated, semi-detached home with three bedrooms).

**DIY loft insulation** is manufactured by Rockwool and supplied by Build Center in accordance with, and subject to, Build Center's terms and conditions. The purchase of the DIY loft insulation by you is a matter between you and Build Center, and as such Build Center is responsible for the quality, fitness for purpose and delivery of the DIY insulation and for fulfilling your order and all subsequent services/ product related queries and npower shall have no liability or responsibility in respect of the same.
